I'm sure there is but I also think there is an expectation that you will get some extra time. I will be talking with the project consultant regarding another project and will check. I'd say don't worry about it right now and expect that you will have a couple of weeks. I'll get back to you.

Hey Sarvy,

Just confirming that you are taking on the LA District North Coast Branch IRT work. I have a box here with a draft BEI for Petersen Ranch and a consultant that want's a "transition meeting" with us to help get you up to speed. Give me a call if you want to talk about it.
